

BOW SPACE

What would you do?

Are you a local individual, group or organisation looking for an inspiring and affordable space for sessions you'd like to run in the heart of Bow?

Bow Church are looking for new regular activities to take place within our building. We are working with the Empowering Design Practices research project to offer the opportunity to pilot new activities in the space.

Tell us how you would use the space, and win the chance to run a funded taster session for members of the public on the 11th of May 2019.

Information and registration:
<https://www.empoweringdesign.net/bow-church-competition.html>

See the space: 16 March 2019

Entry deadline: 31 March 2019
